3,000 gallon Tanker
Garrett County, Maryland

Facts and Figures...

- Tanker 86 is a 2012, 4-Guys tanker operated by the Eastern Garrett County Volunteer Fire and Rescue Department located in Garrett County, Maryland.
- The rig is built on a Peterbilt chassis and is powered by a 500hp Cummins motor..
- Tanker 86 has a Hale 1,000 gpm PTO-driven pump and carries 3,000 gallons of water.
- It is equipped with 10-inch side and rear dumps and carries a 3,000 gallon dump tank.
- The Eastern Garrett County VFRD protects the rural areas near Frostburg and along Interstate 68.

Eastern Garrett Tanker 86

Tanker 86 is a large-capacity tanker that is designed to haul water in the mountainous terrain of Garrett County as well as along the interstate. The tanker is equipped with a 1,000 gpm pump and two, 1-3/4" crosslays.

Eastern Garrett Tanker 86

The 3,000-gallon tanker has dual, 3-inch direct tank fills and carries a variety of equipment to support water supply operations.

Eastern Garrett Tanker 86

The rig is also equipped with a 3,000 gallon dump tank. Known as “The Beast on Big Savage” (Mountain), Tanker 86 is an effective water hauling rig.

Eastern Garrett Tanker 86

The tanker is shown here dumping its water at a training session. The 10-inch dumps allow the tanker to offload its contents very quickly.
