# Big Water Rigs

**Tanker 821  
1,500 gal Tanker  
Lodi FD  
Lodi, New York**

# Facts & Figures...

- Tanker 821 is a 1,500-gallon tanker operated by the Lodi Volunteer Fire Company located in Seneca County, New York.
- The rig is a 1996, 4-Guys tanker built on a Ford chassis.
- It has a Hale AP50 500 gpm pump and is outfitted with a 2-1/2-inch rear fill and a 10-inch rear dump.
- The tanker carries a 1,500-gallon dump tank.
- The Lodi VFC protects a rural area of Seneca County in the Finger Lakes Region of New York.

# Lodi Tanker 821

This smaller tanker can navigate the back-country roads pretty easily and with the 10-inch rear dump – it can offload its water very fast.

# Lodi Tanker 821

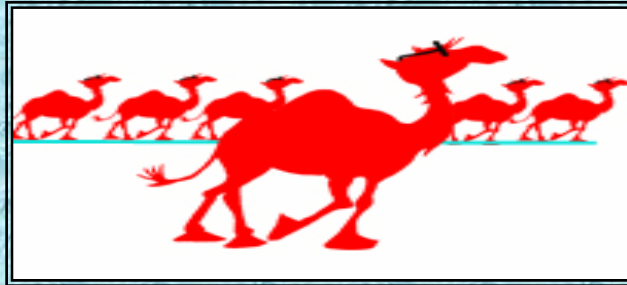

Tanker 821's 500 gpm pump is a PTO driven pump. The tanker also has a pre-connected attack line.

Dump Tank Carried Here

The tanker normally carries a 1,500-gallon dump tank. The photo above was taken at a water supply drill where the dump tank was being used.
