# Big Water Rigs

**Tanker 2  
3,000-gallon Tanker  
Mechanicsville VFD  
Mechanicsville, Maryland**

# Facts & Figures...

- Tanker 2 is a 3,000-gallon tanker operated by the Mechanicsville Volunteer Fire Department located in St Mary's County, Maryland.
- The rig is a 1996 4-Guys tanker built on a Freightliner FLD120SD chassis.
- It has a Waterous, 1,250 gpm single-stage pump and carries a 3,000-gallon dump tank.
- Tanker 2 is also equipped with a 10-inch rear dump that is outfitted with a detachable chute to allow dumping off of either side of the rig.
- The Mechanicsville VFD protects a rural area of southern Maryland.

# Mechanicsville Tanker 2

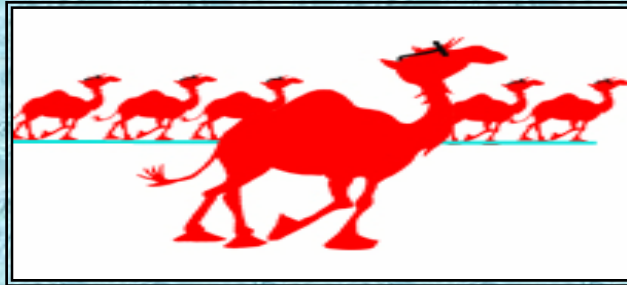

Tanker 2 is another one of southern Maryland's water hauling beasts. The heavy duty Freightliner chassis allows the rig to haul water with great efficiency over the area's gentle rolling hills.

# Mechanicsville Tanker 2

Tanker 2 is shown here off-loading water at drill in nearby Prince George's County. The tanker also has large capacity direct fill lines for quick fill operations.
