

**New
Seminar**

**Practical Applications
Of
Incident Command
for
“Small Town & Rural
America”**

GBW Associates, LLC
Westminster, Maryland 21157

www.GotBigWater.com

This One-Day Seminar **Includes...**

The basics of Incident Command and straight forward strategies and tactics for fire attack operations.

The effective use of fireground communications.

The development and use of an incident management team.

Most Importantly...

There is minimal classroom work and **maximum** practical work using table top models and real life examples of incident command issues facing small town and rural fire departments.
